English Press Release

The Fifth Release of Electrophil Records comes from a well known Remixer. With **EPR005** “**Glasperlenspiel**” from **Weltenwandler** he launches his first EP. Since he started producing in 2008, Weltenwandler’s goal has always been to create something that the listener could feel a strong connection to. His productions range from deep house to techno, combining strong, driving basslines with lush melodic elements. This release on Electrophil Records is a selection of those tracks aimed to make your feet, but also your mind move.

The four original tracks are accompanied by a remix of Cyprus-based artist **Atesh K.**, taking Sommernachtstraum into less bass-heavy techhouse terrain, just made for dancing; as well as a remix by **NonSenseCorporation**, combining elements of all four original tracks to create his very own interpretation of the Glasperlenspiel.

These tracks were supported by: Paco Osuna, SLAM, Claude VonStroke, Oliver Schories, Fine Cut Bodies, Patrick Kunkel, D.Diggler, Nudisco, Alex D'elia Frequenz, Juergen Kirsch, Blood and Tears, Electric Indigo, Tsugi-Mag, ClubTime.fm, thekort.com, electrosound.tv, DocePulgadas RadioShow, Additan radio and many others icons of the industry!
