English Press Release

With EPR011 we once more cordially welcome a producer from our neighbor country, Austria. With the EP “**Körperlichkeiten**” **Plo.berger** releases his second EP. Years ago he discovered his love for Tech House and Techno and got into producing his own tracks. His productions are mostly Tech and Deep House tracks with driving basslines, grooving percussion and lots of swing which will keep your feet moving. At the end of 2012 he released his first EP “**Say What?**” on the Swiss label “**Electrophil Records**”.

This release contains 4 original tracks from Plo.berger: My Love is a grooving track with a lot of deep love inside. With You Jazzmen there is a deep playful groove combined with quirky organ elements. The next track, CousCous which expands from deep house areas to the tech-house realm, offers a catchy hook, playful instruments and a vibrant bass line. And the last track, Hot Rooftop is a track which should not be missing from any coming roof-top party :)

The two Remixes on this EP come from Mike & Nika and Dealirium. Mike & Nika made a slower remix of My Love which is more suited for a deep night in the club. The Austrian producer Dealirium delivered an ambient remix Hot Rooftop.
